# Relationships and Health Education Policy

The DfE has confirmed that relationships and health education in primary schools and RSE and health education in secondary schools will become compulsory from September 2020 as planned; however, due to the impact of the coronavirus (COVID-19), schools are being offered flexibility on when to begin delivering these subjects within the 2020/2021 academic year.

Schools that are prepared to deliver teaching in these subjects and have met the requirements in the DfE's '[Relationships education, relationships and sex education \(RSE\) and health education](#)' guidance are being encouraged to begin delivering teaching from 1 September 2020, or whenever practicable to do so within the first few weeks of the academic year. Schools that feel they will not be able to meet the requirements due to the impact of coronavirus (e.g. time lost in school and competing priorities) should start teaching the subjects as soon as practically possible, and no later than the start of the Summer term in 2021. In these cases, a phased approach should be used (if needed) when introducing the subjects.

## **Statement of intent**

At Rushton CE First School, we understand that pupils must be provided with an education that prepares them for the opportunities, responsibilities and experiences of adult life. A key part of this relates to relationships and health education, which must be delivered to every primary-aged pupil. Primary schools also have the option to decide whether pupils are taught sex education.

Relationships education focusses on giving pupils the knowledge they need to make informed decisions about their wellbeing, health and relationships, and to build their self-efficacy. Health education focusses on equipping pupils with the knowledge they need to make good decisions about their own health and wellbeing.

We understand our responsibility to deliver a high-quality, age-appropriate and evidence-based relationships and health curriculum for all our pupils. This policy sets out the framework for our relationships and health curriculum, providing clarity on how it is informed, organised and delivered.
